A  
JAZZHEAD  
RECORDING  
HEAD107

Homage is the exciting new release by the extremely talented Sam Anning, Allan Browne and Marc Hannaford.

The Trio perform versions of works by Jazz luminaries such as Duke Ellington, Louis Armstrong, Jelly Roll Morton and Thelonious Monk alongside original contemporary pieces.

Drawn together by their respect for early Jazz composers, the Trio began developing this collaboration over two years ago at Bennett's Lane and further at the 2008 Wangaratta Jazz Festival.
